NEW ONLINE CLASSES

Two Courses. One Goal. *Safer Schools.*

SMOKE SCREEN:
Confronting the Vaping Epidemic in Schools Online

This two-hour online training gives school personnel the up-to-date knowledge and practical tools needed to recognize emerging drugs and vaping products, identify warning signs, and respond confidently when concerns arise.

Learn how substances are being disguised in everyday items, understand the risks students face from products like high-potency THC, nicotine vapes, and counterfeit fentanyl-laced pills, and explore effective prevention and intervention strategies designed for schools.

With Arkansas-specific guidance, real-world examples, and actionable resources, this course will help you better protect, support, and guide the students in your care.

PLAN SMART, PREP STRONG:
School Event Training Online

School events bring unique safety/security challenges. This two-hour online training provides practical strategies for planning, coordinating, and managing safe, successful events from start to finish. Participants will learn how to identify vulnerabilities, develop effective operational plans, deploy personnel strategically, maintain clear communication, and adapt to unexpected situations as they unfold.

Through real-world scenarios and proven best practices, attendees will gain the tools and confidence to create well-organized events that enhance safety, improve teamwork, and support a positive experience for everyone involved.

Take advantage of FREE training for Arkansas educators, administrators, counselors, school nurses, SROs, CSSOs, and school event teams.
