KEEPING KIDS SAFE IN A CYBERWORLD

Cyberbullies in Our AI World

Course Overview

The digital world is constantly changing, and so are the threats. This 6-hour training will provide school leaders, educators, SROs and support staff with the knowledge and tools needed to recognize, prevent and respond to cyberbullying and other online risks, especially as artificial intelligence introduces new challenges and opportunities for both harm and support.

Course Topics

- Understanding cyberbullying and its impact on students
- Recognizing warning signs and behavioral changes
- The role of AI in online interactions and emerging risks
- Legal and policy considerations
- Practical strategies for prevention, intervention, and support
- Building a safe and positive digital culture

HYBRID CLASS

This course is offered in a hybrid format, giving you the flexibility to participate in a way that works best for you.

ATTEND VIRTUALLY

Join from anywhere with a secure online platform.

ATTEND IN PERSON

Experience hands-on learning and direct interaction with instructors and peers.
